GENERAL NOTE.

Reconstruction Department.

Resubmitted with draft G.R., for approval with refce. to H.M's note dated 17-8-1946. They are kept in the respective files below subject to following remarks:-

2. The present orders reg. the grant of t.a. and d.a. to non-official members of the D.R.D. Boards are/those issued in G.R., No.1041/39, dated 10-5-1940 as amended by G.R., No.1041/39, dated 5-2-1942. According to these orders the non-official members of the D.R.D. Boards are paid to t.a. and d.a. at the following rates:-

(i) 1½ intermediate class railway fares for journeys performed by trains having intermediate accommodation, otherwise 1½ third class fares.

(ii) Road Mileage at 3 or 2 annas a mile according as the members use their own or hired conveyance irrespective of the distance travelled (travelling allowance bills to be calculated by the cheapest route).

(iii) for journeys by Sea or by river, steamer, t.a. according to B.C.S.Rs. 406 (C) and 409.

(iv) daily allowance at Rs.1-8-0 for all days including the days for which rail and road mileage is claimed.

3. Recently the Collr. and Chairman, R.D. Board, Kanara, in forwarding a copy of the resolution reg. the increase in t.a. and d.a. of D.R.D. Board Members, recommended that in view of the increase in the cost of living the d.a. paid to the Board Members be raised from Rs.1-8-0 to Rs.3- per diem. The Collr's proposal was referred to the Commrs. of Divisions for favour or remarks. The reports from the Commrs. C.D. and S.D., have been recd. and they have agreed with the Collr. of Kanara/that the d.a. should be raised from Rs.1-8-0 to Rs.3-. The Commr., N.D., has not yet submitted his report to Govt.

4. In view of the orders referred to in para. 2 above/for orders it is whether the rate at present in force should be....

be allowed to stand or whether the rates suggested in the draft at p. 71 of file 8711/39 R.XVII (Kolaba distt) should be communicated to the members. Para. 6 of the proposed orders will be amended, if necy. on receipt of orders on the above point.

A-A

5. As regards D.R.Dev. Boards, Bijapur and Sholapur, it may be stated that there are at present no Rural Dev. Boards in Bijapur and Sholapur distts. The functions of these Boards are entrusted to the Wilson Anti-Famine Institute, Bijapur, in Bijapur Distt. and to the Rural Dev. Assen. Sholapur, in Sholapur District. Since in view of the proposed orders separate Boards will now be constituted for these distts., it will be necy. to ask the Collrs. to ~~fx~~ inform these Institutes accordingly and to ask them to transfer the funds, if ~~xx~~ any to the reconstituted Boards. This may be considered in consultation with the Collrs concerned after issue of the orders reg. the constitution of the Boards in Bijapur and Sholapur distts.

B-B

As regards Distt. Rural Dev. Board, Thana and B.S.D., it is presumed that the Collr. of Thana is to be Ex-officio Chamrman of the Board and that the Presidents of both Thana and B.S.D. Local Boards are to be nominated as members of the Board

C-C.

Id/- K.V.T.
28-8-1946.

The question of t.a. and daily allowance to be given to members of the D.R.D. Boards is under separate consideration and general orders can be issued thereon in due course. In the meanwhile separate orders need not be issued in the case, of the constitution of each Board. If this is approved the para. relating to t.a. and d.a. may be omitted from the drafts put up on the file below.

Id/- D.A.G.
24-8-1946.

'A-A' This para. should be omited from all the G.Rs. When the question of t.a. and d.a. which is under separate consideration is settled, a general order applicable to all D.R.D. Bs. can be issued, as suggested by U.S.

'B-B' The new Boards should be constituted and the Collrs. directed to take all the necy. consequential action.

C-C....

C-C! The Collr., Thana should be Chairman of the Thana and B.S.D., R.D. Board, and the Presidents of the two D.L.Bs. should be ex-officio members.

I also think para. 5 should be omitted as it will be ~~x~~ within the ~~xxxxxx~~ inherent powers of the Boards to appoint Committees.

Id/- W.X.M.

27-8-1946

Id/- S.R.B.
31-8-1946

Para. 5 need not be omitted.

Id/- M.P.P.
28-8-1946.

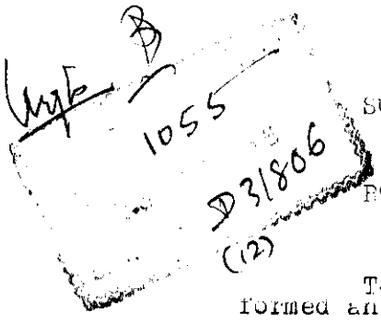
The Joint Secretary to Government,
Reconstruction Department, Bombay.



Subject: District Rural Development Boards, constitution of...

Reference: G.R., R.C.D. No.1055 dated the 11th Sept.46.

The District Rural Development Board, Bijapur, has formed an Executive Committee of 15 members. As the Resolution specifically states that the Executive Committee should be small, I am doubtful whether this action of the Board is in conformity with Government Orders. Clear orders on the point are solicited.

20-11-46

R.C.Ds.

The D.R.D. Boards have been authorised to elect a small executive committee and such other committees as may be necy. for specific purposes. Para. 1 of the Cir. No. 911, dated 11-11-46 states that the Ex. Committee should be small and business-like and dispose of the work of the Board promptly as it arises. It does not appear necy. to fix the number of membership. The D.R.D. Board, Bijapur, may be informed that - there are no restrictions as to the number of members to be nominated on the Ex. Committee. Its composition should be such as would facilitate - quick disposal of work. If approved the Collr. of Bijapur will be informed accordingly.

4/12/46 Collr's letter is for orders.

11/12/46.

Jt. Secy. I think a limit of six might be suggested. I discussed this case with the Coll. of Bijapur recently

H.M. (Agri.) he considers the present Ex. Comm. too large & unwieldy.

many of the Boards have elected ex-committee and so no purpose will be served by limiting the number. Bijapur D.R.D.B. however be informed that it has elected an unwieldy ex-committee inspite of instructions to the contrary.

(E) A Scheme for fixing of pumps on the Banks of rivers for lifting water for irrigation purposes, in the Bijapur District to be worked by Electricity produced at Central Generating Stations should be worked out and brought into effect early. The map and the rough Schemes prepared by the Executive Engineer, Bijapur Dn. in this connection, is approved .

(F) A Scheme to construct wells along the perennial Nalas at Govt. expenses, on private and Government lands should be drawn up and water made available to cultivators with liability to maintain th wells in good condition. Reasonable rent may be levied if such wells cost more than Rs.500/-.

(G) Grant of subsidy for irrigation wells should be extended to holders paying an assessment upto Rs. 50/-.

(H) The rate of subsidy for irrigation wells, which is now 25% of the cost should be from 25% to 50% as the case deserves.

(I) Engines from 4H.P. to 10.H.P. should be made available at cost price for irrigation purposes in this district.

III- COMMUNICATIONS.

A. The following principles have been adopted as criteria in recommending Approach Roads:-

1. All Villages having a population of 500 or above should be served.
2. Approach Roads should not exceed 5 miles in length as far as possible.
3. Villages round about big cities should be given preference.
4. Roads already under construction should be finished.

5. Factors of importance such as past history, religion and others should be takne into considerations in all additional milage.

.....

B. The Roads provided in the Planning Map are generally approved except for the alterations below:-

SINDGI--TALUKA.

I. The alignment of O.D.R. No. 36-A should be taken straight from Kumshi to Almel-Devangaon Road M.D.R. 15/Via-Bommana instead of via Devarnawadigi and Gundigi. Approach road t Gundigi should be provided from M.D.R. No.15 and that to Devarnavadigi from the altered alignment of O.D.R. No.36-A This O.D.R. and the two approach Roads should be given high priority.

II. Kalkeri-Tumbagi sections of M.D.R.No.20 should be dropped and instead the Road should run from Kalkeri to Bibi-Ingalgi providing an approach Road to Binjalbhavi. The Kalkeri-Bibi-Ingalgi sections hould be given high priority.

III. The Devur-Jalwad Village Road No.M.V.21-A should be extended upto Korwar and Handignur droppong the proposed approach Road to Korwar and Handignur namely-O.V.39-B from the proposed Hippargi-Gulgeri Provincial High-way. This village Road from Devur to Handignur should be given high priority.

INDI-TALUKA.

IV. The Section from Tidgundi to Sindigi via. Chattarki of M.D.R. No.20 should be cancelled and diverted via.Minchinal Railway St Atharga-Tambe, Banthnal,Balaganur, andNagarhalli and should be terminated at Almel and one new O.D.R. may be given from Rampur to Banthnal via. Ganihar and Chandkavthe. Both of these should be given high priority.

V. The Section from Sangogi to Chik-Masali of V.R.No. O.V.35-C. should be dropped and instead Hire-masali should be served by approach Road from M.D.R. No.11 from Tambe,even though extra mileage is involved thereby. This new V.R.should be given high priority.

MUDDEBIHAL--TALUKA.

VI. A new village Road from Lingadhalli to Minajigi should be proposed even though Lingadhalli has a population of less than 500. The proposed Road will serve three other villages, situated within a radius of one mile from Lingadhalli. This should be given high priority.

VII. The proposed alighnment of O.D.R.No.48 should be dropped and the O.D.R. should run from Sheligi to Mile one of Talikot-Salwadigi Road via. Kodaganur along a ridge line and villages Navadgi, Pirapur(Population.488) and Guddaknal should be served by approach Roads from this new alighment of the O.D.R. The O.D.R. and the approach roads should be given high priority.

VIII. Approach Roads should be provided to villages Jamaldinni (population 451) Shirol (Population.475) and Gotkhindiki (Population.477) since their populationsare in the neighbourhood of 500.

IX. An O.D. R.should be provided from Nalatwad to Tangadigi via. Alur in order to give easy approach to Naltwad side villages to Sangam and Bagalkot via.Tangadigi.

X. The existing D.L.B. Road Section between Mukihal and Talikot should be continued to be maintained as M.D.R. with a high level causeway across Don-River droppong the newly proposed Minajigi-Mukihal Section of M.D.R. No.14. Section from Huvinhippargi-Talikot Road to Minajigi should be treated as a V.R.and it should be given high priority.

XI. Pavement should be provided in the Nala bed on the approach road to Kannur viz. V.R.No. 166 by giving high priority.

XII. A new O.D.R. should be provided from Talikot to Nizam's border(towards Kodekal) via. Markanal and given high priority.

XIII. Dead ends of village road Nos.O.V. and O.V.50-B should be connected viz. between Somnal and Shivapur and the full connected Road from Hiremural to Mukihal should be treated as O.D.R.

-26-----

BIJAPUR--TALUKA.

XIV. New village roads from Jambagi to Nagthan and to Shivangi should be proposed and given high p.

XV. The Bableshwar-Katral-Aundh State border Section of M.D.R.No. 9 should be dropped and instead the road should be taken direct from Bableshwar to Arjunigi thence it may be led to Jamkhandi state border (towards Chiklalki) and also Aundh state border(towards Gundal) The village Tiganibidri should be proposed to be served by short approach from this M.D.R. dropping the alignment of V.R. No. 124 proposed in the planning map. These M.D. Sections and V.R.should be given high priority.

XVI. The V.R.from Bableshwar to Shegunshi should be continued upto Mamdapur via. Madgunki.

BAGEWADI TALUKA.

XVII. A new M.D.R. should be proposed from Tumbagi(in Muddebihal Taluka) to Bijapur via. Sasnur-Budihal-Dindwar-Ingleshwar, Masabinal,Ukkali, Ukumnal with high level causeways across Don River at Sasnur and Ukummal dropping O.D.R.Nos 23-A 23-B and 43 and this M.D.R. should be given high priority. Villages Hegadihal and Katkanalli should be served with approach roads from this M.D.R. and given high priority.

XVIII. The Section from Mulwad to Managoli of M.D.R. No.10 should be dropped and the abandoned Road from Bijapur to Mangoli should be continued as an M.D.R. with a high level causeway across the Don-River. Village Uttmal should be served by an approach road from the M.D.R. The causeway and the village Road should be given high priority.

XIX. New O.D.Rs. should be proposed from Mulwad inspection Bungalow up to Kudgi via. Mulwad, Kalgurki and Talewed, and from Talewad to Mangoli, and these should be given high priority.

XX. The Star ends of Village Road Nos.152 & 154 should be connected from Shidnath to Gani so that there is continuous communication between Kolhar side villages on one side and Almatti and Muddebihal side villages on the other. The connective Road from Mattihal to Almatti Rly. Station should be treated as O.D.R. and given high priority.

XXI. Ukali-Managoli D.L.B. Road not appearing in the plann map should be retained and improved to V.R.standards and given high priority.

6. HUNGUND TALUKA.

XXII. A new metalled road from Dhannur to Sangam with a high level causeway across the river Malaprabha should be proposed and given high priority.

XXIII. Dead ends of O.D.R.No. 57-A and 57B should be be connected viz. from Gangur to Belagal via. Chittargi to facilitate easy approach to Sangam side villages to Amingad which is an important cattle marketing Centre. The proposed village road to Chittargi viz. V.R. No. E-252 being dropped the whole O. D.R. from Aminagad to Dhannur should be given high priority.

7. BAGALKOT TALUKA.

XXIV. A direct Road to O.D.R. standard should be newly proposed from Kamatgi to Kadlimatti-Station via. Hallur and given high priority.

XXV. Dead ends of village road Nos.193-A and 193-B should be connected viz. from Yalliguthi to Kadampur and a low level causeway provided across Ghataprabha River near Bagalkot. The connected Road from Kandgal to Bagalkot should be treated as an O.D.R. and given high priority.

XXVI. The village Udagathi (population 482) should be provided with an approach Road since its population is in the neighbourhood of 500.

XXVII. A new road should be prposed from Anagwadi to Kadampur.

8. BILGI--PETHA.

XXVIII. Villages Tolmatti and Herkal should be connected by village Road dropping Herkal to Tummarmatti section of O.D.R. No.V.O.-193.

9. BADAMI TALUKA.

XXIX. A Murum Road should be proposed from Banshankari to Pattadkal via. Shiayogmandir and Nandikeshwar dropping Adgal-Pattadkal Section of M.D.R. No. 30 and given high priority. The further section from Pattadkal to Gudur should be treated as O.D.R. instead of M.D.R.

XXX. Dead ends of village Road Nos. 215 and 205-C viz. between Sullikeri and Miralkeri should be connected and the connected Road viz. from Bagalkot to Katgeri should be treated as an O.D.R. and given high priority.

XXXI. A Murum Road should be provided from Kagalgomb to Kerkalmatti crossing Sholapur-Hubli Road , sothat villages round about Kerkalmatti Kadarkop should have short approach to Katgeri(Rly.Station).The connected Road from Kerkalmatti crossing to Katgeri should be given high priority.

XXXII. Proposed alignment of V.O.52 should be dropped and instead Anwal should be connected to Marenur by village Road, in order to have short approach to Kerur.(Marketing Centre) and Badami (Taluka H.Q.) and it should be given high priority.

XXXIII. Two villages viz. Hanamapur and Umtar which are situated within a mile distance from each other have a combined population of more than 500 and hence they should be proposed to be served by a village Road from Hanamapur to Raddertemmapur and be given priority.

XXXIV. An approach road should be provided to village Kalamada since its population viz. 462 is in the neighbourhood of 500.

XXXV. Village Nirlgi having a population of 477 [illegible] should be connected by a village Road to Katarki and given high priority.

XXXVI. Dead ends of O.D.R.No. 57-A and V.R.No.E-210 viz. fr Aiholli to Chimmalgi should be connected and the conn ected ~~as~~ road from Sulibhavi to Katapur be treated as an O.D.R. and be given high priority. This is in orde to give short approach between two important Historic and Archiological places viz. Pattadkal and Aiholli.

C. The following additional Roads and bridges from different Talukas that are proposed in the planning Map should be given high priorities.

1. Sindgi Taluka:-

1. Section from Tambe to Huvinhippargi of M.D.R. No. 11 with high level causeway across Nalas at Tambe and Kadlewad and across Don-River at Satihal.
2. Ingalgi-Harnal. Approach Road V.R.No. O.V.35-A
3. Mulsavalgi Approach Road-V.R.No. ~~202~~ x 116.
4. Mannur Approach Road V.R.No. 202.

2. Indi Taluka.

V. Indi-Hirebevnur- Agarkhed Road-O.D.R.No. M.O.19-B

VI. Ummarji-Revatgaon-Shiradon Road-V.R.No. O.V.-32.

VII. Nimbal-Horti, Inchgeri Road O.D.R. No. M.O.19-A

VIII. Kolurgi, Deginal. Road V.R.No. 76.

IX. Sonkanhalli, Jigjevani. Road O.D.R. No. M.O.18.

3. Muddebihal Taluka.

X. Major Bridge across River Krishna near Tangadagi.

XI. Sarur Approach Road V.R.No.179.

XII Alur Approach Road V.R.No.184-A

XIII. Yargal Approach Road V.R.No. 184-B

XIV. Garsangi-Rakkasagi Road.V.R.No. O.V.51-B.

XV. Bilebhavi Approach Road V.R. No. O.V. 48.

XVI. Konnur- padeknur Approach Road with a branch to Madikesirur V.R.No. 168.

XVII. Bavur- Kuchbal. Approach Road.V.R. No.172.

XVIII. Ingalgi. Approach Road. V.R. No. O.V.50-A

XIX. Jetlgi Approach Road V.R. No.175.

XX. Devur- Approach Road.V.R.No. 177-A

XXI. Bidarkundi-Rudgi Road.O.D.R. No. 47-B

5. Bijapur. Taluka.

XXVI. Bagewadi-Nidgundi Section of M.D.R.No.12.

XXVII. Madabur-Itagi Approach Road V.R.No.164.

6. Hungund Taluka.

XXVIII. Gudur-Yadgeri, Illal Road V.R.No.237.

XXIX. Gudur-Murdi Road.V.R.No. 238.

XXX. Hire-Adapur, Hireotgeri Road O.D.R. No. 58

XXXI. Nandawadgi-Kandgal-Moratgeri. Road V.R.No.M.V.17-B

XXXII. Kamatgi- Chik-Magi Road V.R.No.231-A

XXXIII. Ganjihal. Hiremalagaon. Road V.R.No.231-B

XXXIV. Hirabadwadgi. Hirenagi. Approach Road V.R.No. 232.

XXXV. Hirebadwadgi- Nagur Approach Road. V.R.No. 239.

XXXVI. Chitvadgi. Approach Road V.R.No. 240

XXXVII. Ramathal- Huvinhalli Road V.R.No. O.V.56.

7. Bagalkot Taluka.

XXXIII. Bagalkot-Bennur-Chikhodlur Road O.D.R.No.53-A

XXXIX. Talgihal-Approach Road V.R.No. E-187.

XXXX. Kersur-Approach Road V.R.No. 204.

XXXXI. Chikodlur-Jadramkunti. Road V.R.No. 190.

XXXXII. Mainegali Bhagwati Section of M.D.R.No.12.

XXXXIII. Nirbudihal-Chikshellikeri, Road with a branch to Hireshellikeri V.R. No.202.

8. Bilgi Petha.

XXXV. Yedhalli-Galgali Section of M.D.R. No. 25 with a causeway across Krishna back water near Galgali.

9. Badami Taluka.

XXXXV. Kerkalmatti-Nirbudihal- Yendigeri- Kadarkop Road O.D.R. No. 55.

XXXXV. Jalgeri. Approach Road V.R.No. 214.

XXXXVII. Khyad-Katarki-Approach Road. V.R.No.O.V.54-A

XXXXVIII. Cholachgud-Jalihal. Section of M.D.R. No.13 with high Level Causeways across Malprabha-River and Sasvi-Naha.

1) Chimmankatti- Niralkeri. Raddertimmapur. Road O.D.R. No. 52.

2) Halgeri. Approach Road.V.R.No.212.

3) Guledgud-Layadgundi. ~~xxxxxx~~ Road V.R.No. 227-B

4) Belur-Hosur Road (to be completed) V.R.No.230

5) Bhanak-Shirur.Approach Road V.R.No.211.

D. The following Roads which are constructed half way by scarcity labour should be completed in all respects early by giving high priority.

1. Sindgi.Mortagi Section of M.D.R. No. 20-A
2. Talikot-Salwadgi- Nizam's border section of M.D.R. No.P.M.8
3. Hiremural- Hulkanti. Road O.D.R.No. 49
4. Badami- Batkurki. Section of M.D.R. No. 30
5. Karadi- Kodihal. Approach Road V.R.No. M.V.28
6. Muttalgeri- Lakshmapur-Hebballi- Sulla/Road O.D.R. No.54 (chaning the curvedalignment near Hebballi towards Sulla with a straight one).
7. Narenur.Approach Road V.R.No.215.
8. Mamdapur-Jainapur. Road V.R.No. M.V.9-C

E. All approach roads and other Roads constructed since January 1937 should be continued to be maintained.

F. Pavements should be provided on all existing and ~~new~~ new approach roads at crossings of Nallas where no culverts or bridges are provided even if these are not covered by the specifications of village Roads. In Bijapur District the rains are scanty but of high intensity which bring and deposit good amount of sand and silt which creates a good amount of hindrance to traffic of natural - - -

natural crossings are provided. Hence the absolute necessity of pavements.

IV. CO-OPERATION.

A. The proposals prepared by the Co-operative Department are generally recommendedwith the following additions:-

1. Improved implements depots should be attached to co-operative Societies on the following basis:-

   (a) Each depot should have a set of implements consisting of 10 Iron ploughs, 1 Ridger, 1 Dust drum, 1 Dust gun. 1 Sprayer and 2 Scrapers at total cost of Rs. 1000/-

   (b) Two thirds of the cost should be borne by Government and one third cost should be contributed by the Society concerned.

   (c). 300 such Depots should be opened within a period of five years at the rate of 60 Depots a year.

   (d) Government to sancion a grant of Rs. 2,00,000/- for a period of 5years for this purpose.

2. The live Stock Expert to Government should be requested to extend all the concessions to the Lamani Societies in this district, in respect of Cottle Breeding, in the same way as they are extended to the back-ward-class Societies in Sholapur District.

3. With a view to encourage sale of fruit and vegetables through organised bodies Government should open sale Depots at Government cost in the initial stages and thus pave the way for organising the Co-operative sale Societies, for the purpose.

4. For the Development of Industrial Co-operative Societies the following facilities should be made available to these societies:-

   (1) Loans @ 3% interest.

   (2) A District Emporium should be opened at Government cost or sufficient grants should be given to the Industrial Association to Exhibit the village industrial products.

3. An Industrial School should be opened at Bijapur.

4. These peri-petetic Schools should be opened-one for Cotton Weaving, one for wool Weaving and one for Tanning.

5. Industrial Societies should be supplied with improved appliances and 50% of their cost should be borne by Govt.

6. Raw materials and chemicals should be made available to Glass and Bangle making Societies.

7. Restriction on the export of Raw wool should be imposed so as to develop wool industry in the district.

8. Government should purchase for Departmental use the products of Cottage Industries.

9. Improved Ghanie should be supplied to oil pressing societies.

10. Neem and Hulgal oil extraction should be taken up in Badami and Hungund taluka on Co-operative lines and necessary funds and appliances should be made available to these societies.

11. Exhibitions of local products should be organised in rural areas to create taste for rural products and for introduction of improved methods of production.

12. Bee-keeping should be started at Chodchgud and bee-boxes and appliances should be made available at half cost.

5. Housing Co-operative Societies:-

1. Housing Societies should be given free sites when Government lands are available.

2. Building materials should be made available at controlled prices.

3. Trasport facilites should also be given.

6. Sale Societies.

1. Two trucks should be made available at 50% cost; one for Bijapur purchase and Sale union and the other for Bagalkot Co-operative Cotton Sale Society for the development of sale movement inthe district.

2. A government band, free of cost should be made available to sale and Multi-purpose Societies, in the initial stages for three years.

3. Godowns are necessary for the development of sale movement and as such 50% of the cost of construction of Go-downs should be borne by Government.

7. Lamani Co-operative Societies.

1. Waste lands should be given free of cost to Lamani Societies for growing fibre plants i.e. egave, acave, devabal, etc.

8. 2. The Scheme for organisation of Co-operative creameries and Cattle breeding and milk production societies is recommended for introduction in this district.

V. CATTLE BREEDING.

The Schemes prepared by the Live Stock Department are generally recommended with the following alterations:-

1. The Cattle Breeding Farm at Yedhalli should be attached to the Agricultural Bias Class proposed to be opened at Bilgi, with necessary staff to run the Scheme.
2. A Government Poultry Farm should be opened in Bijapur district with a view to supply pure bred birds and hatching eggs to poultry keepers.
3. Early steps should be taken to appoint the Agricultural officer for Cattle Breeding, for Bijapur District.
4. More oil cakes for cattle feed should be secured for this district.

VI. FODDER GRAZING.

1. Government should supply fodder seeds, gratis, to all cultivators of irrigated lands.
2. Government should entrust the cultivation of all available waste lands for growing improved grass, by using tractors whereever necessary, to the Mechanical and Transport Enginner to Government.
3. Two silo pits-one in each division of this district should be constructed at Government cost, near about irrigated areas, for demonstration purposes.

II. VETERINARY.

1. One Cattle Dip Tank should be opened in each of the cattle market areas, along with arrangements for veterin.. aid.

VIII. AGRICULTURE.

1. Each taluka should have five Taluka Demonstration Centres, with all equipments.
2. The Scheme/ for multiplication and distribution of improved seeds is recommended.
3. The Field Kamgars in charge of Taluka Demonstration Centres should be entrusted with seed distribution work and a truck should be kept at the disposal of the Agricultural Department in this district to facilitate movement of seed during the season.
4. More oil cake should be secured for manure purposes for this district.
5. The present compost Scheme should be extended and continued by providing technical staff and subsidy.
6. Fertilisers like ammonium-sulphate and bone meal should be supplied at concession rates and necessary amount of subsidy should be sanctioned as per proposals of the Dist. Agricultural officer.
7. Introduction of the Scheme for improving the fertility of of the soil by San-Green-manuring ; as proposed by the District Agricultural officer, is recommended.
8. The Scheme to combat the grass hopper pest-and smut disease to jowar crop prepared by the District Agricultural officer is recommended with the additions that the whole cost of the Scheme should be borne by Government and that materials such as tam-sulpher, etc. should be kept ready well in advance.
9. Wheat and Kharif Jowar Breeding Stations should be started in Bijapur District to evolve wheat and Kharif Jowar strain suitable for this district.
10. In order to encourage the fruit and vegetable cultivation & establishment of nurseries, this district should be provided with 4 malies at the cost of Government in addition to the three that are already there.

IX. SANITATION AND HEALTH AND MEDICAL AID ETC.

1. The Scheme of malaria-eradication now in vogue in Dharwar district, should be brought into operation in Badami Taluka Bilgi Petha and in other areas in this district in consultation with the District Health officer and the xxix Civil Surgeon Bijapur.

2. (a) Pieces of land should be acquired for every village wherever possible, for construction of latrines (Deep trench or Bore-holes).

(b) For every Taluka four borehole machines should be kept for lending to the public, free of charge. Bore-hole latrines for private use should be constructed with the permission of the District Health officer.

(c). In villages where there are Panchayats they should be asked to construct pakka gutters with the help of Govt. grant and the drainage scheme should be undertaken in consultation with the public Health Engineer.

(d) In other villages Bore-hole Soakage pits may be increased.

3. Extension of Goanthana or new Goanthana should be given subject to the condition that the houses to be built are in accordance with the building regulations approved by Govt.

(b) Government help may be given to those who want to improve the condition of their houses in accordance with rules of Sanitation.

4. During fairs water may be supplied to the villages by means of water lorries, which should be handed over to the Department of Health.

5. Lands should be acquired out-side the villages in which plots should be assigned to each house holder gratis, for disposing their refuse by compost method generally site far off from drinking water, wells and roads should be selected for the purpose.

6. One Sanitary Inspector should be appointed for each Taluka in the district under the control of the District Health officer.

7. The Anti-Epedemic workers and vaccinators, members, of the Public Health Department, now under the control of the District Local Board, should be placed directly under the control of the District Health Officer, for all purposes, in the interest of efficient work.

8. The combined medical and public Health centres which have been sanctioned by Government to be established in - - Bagalkot and Bagewadi Talukas should be extended to the other 6 Talukas and one petha of the district, at the earliest.

9. The Mobile Field Hygiene Unit temporarily allotted to the District Health Officer, for the control of the epidemics should be continued permanently.

10. Ten Subsidised Rural Dispenseries should be granted for this district. The places may be decided later.

11. The Combined centres for Health, Medical and Maternity proposed under the Post-War Reconstruction Schemes should be opened at Malatwad and the present Ayurvedic Subsidised Dispensary should be shifted to Dhavalgi.

12. There should be one Dai attached to every Dispensary.

13. Every village with a Rural Dispensary should be induced to select a candidate and send for training and she should give an agreement that she will serve in that area, at least for five years.

14. The present Aumbulance in the civil Hospital should be utilised by the Civil Surgeon for visiting Taluka and Rural Dispensaries by rotation once a month. Consultation advice and possible treatment should be given . From 4th to 6th may be spent at such camps.

15. The Rural Dispensaries at Babaleshwar, ~~Kxxdix~~ Karadi, Mamadapur Sangam and Tambe should be given grants for construction of hospital buildings.

-28------

X. EDUCATION.

1. The Schemes proposed by the Special Officer, Post-War Educational Expansion and Development, Poona, are - - recommended with the following amendments and additions:

Amendment.

In respect of item nos.5 the sites for play grounds should be obtained temporarily on lease pending acquisition of the same.

Additions.

Each Agricultural Bias School existing and to be opened should be provided with 4 acreas of land purchased at Government cost and should be equipped with the - - agricultural implements, labonatory and a well.

Agricultural bias schools should be opened at Hungund, Bigli, Muranal, Muttagi and Shivangi.

2. Government should pay a grant of at least Rs. 50/- in the initial year and Rs.30/- every subsequent year for the Libraries in the villages with a population of 1000 and above.

XI. INDUSTRIES.

1. The ban on the preparation of the edible salt is recommended to be be removed.

2. Payment of subsidies to weaving of Hand spun yarn should be revived.

3. Government should be requested to see that the Municipalities exempt cottage industrial products from octroi.

4. Two trainingclasses- one in each division in this district should be opened for training people for preparing jaggery from palm juice.

5. The Sericulture industry started at Bagalkot should be given all possible help for its permanent establishment and expansion in this district.

Sir,

The office showed me the order about extension of the period of food crop Act.

I am in favour of extension of the Act for 1947-48 but the acrage under cotton crop needs to be increased for 2 reasons (i) Jowar is grown continuously for the last 4 years and rotation is necessary (ii) there is needof cotton seeds for use of animals and of Ginned cotton for cloth.

There has been a heavy fall in the area under cotton during the last 3 years. I suggest the following modification. Area under non-food crops in Hungund Taluka should not exceed ½ of area under food crop; in the Don tract and Bilgi Petha, one fifth and in the rest of the district one sixth of the food crop area. This rule may be made applicable to total holding in a village of any land owner, but in specialx cases the Mamlatdar should have power to raise the percentage.

25-3-1947.

Your obedient servant.

(Sd/- P.G.Sidhanti.)

A note by the District Agricultural Officer, Bijapur, on the Government Telegram regarding the Growth of Food Crops Act.

I. The Bombay Growth of Food-Crops Act should be extended for the year 1947-48 in view of the acute shortage of food grains.

(a) Scheduled non-food-crops and the rest should have separate proportions as already existing.

(b) There is no necessity of assigning definite proportions between Cotton and Tobacco as tobacco area is negligably small in the district.

II. The maximum and minimum proportions prescribed for 1946-47 as per Government Notifications No. 847-A,B,C and D R.C.D. of 30-5-1946 may be extended for 1947-48 under - - section 4 of the Act.

III. The area under Ground-nut may be extended from the total area of the holding for thepurpose of the Act as - - Ground-nut is grown to a large extent in Badami, Muddebihal Bijapur, Sindgi and Indi Talukas for the Following reasons:-

(a) As a leguminous crop, it enriches the soil after its growth and it forms a good rotation with any food grain crop.

(b) It provided food for human beings and feeds to Cattle (both cake and bhusa),i.e. the whole plant has got the maximum utility.

(c). Its, cake, specially, provides manure or fertilise which is, now-a-days, very extensively, used for other food crops (both dry and irrigated).

(d) Being a cash crop, it fetches,more money to the cultivators, comparatively on a poor type of soils and it provides money to him in time, i.e. as early as in the month of September, when he is, generally, hard-pressed for money as it is a short season Kharif crop.

(e) It, actually, does not affect the area under food crops in medium and deep-black soils, where the Rabi crops like gram or rabi jowar can be grown as 2nd crop on the same land in thesame year.

(f) It, also, helps in keeping the labour of the cultivator and his family, well distributed throughout the year as it is not a competitive crop with rabi or Kharif food or non-food crop, on account of its earlier nature of growth in the Kharif season.

(g) Ground-nut (Kernal), in addition, goes as an emergency famine food in the days of famine as it has better satiety value ~~xxxxxx~~ though not nutritive value.

Bijapur.
27-3-1947.

Sd/- B.H.Hullatti.
District Agricultural Officer
Bijapur.

A note, by Mr.M.S.Sungadhi, Vice-Chairman, District Rural Development, Bijapur, regarding the modifications in the present proportions of Scheduled food and non-food crops under the Bombay Growth of Food Crops Act.

---

1. The Bombay Growth of Food Crops Act should be extended for the year 1947-48 in view of the present acute shortage of food grains.

2. The present proportion of non-food crops, mainly cotton should be increaseda bit, in, specially, cotton growing - - tracts, as the lands have been exhausted due to the growth of food crops, continuously for the last three years and - want of good rotational crop like cotton.

3. The areax under tobacco should be restricted to one lac of acres in the whole of the province. The fertile lands i.e. lands, assessedmore than 8 annas per acre, should not be allowed to go under tobacco cultivation.

4. Since the introduction of the Growth of Food Crops Act of 1944, the Survey Numbers are sown with linseed or Caster-seed as an entire crop instead of row crop. It should be prohibited as an entire crop and only should be allowed to be grown as mixed row crop with Rabi Jowar or other cereals.

5. Groundnut should be includedin the scheduled class of food crops instead of treating it as non-food crop - together with other oil seeds, which have no other advantages as groundnut, whose economic utility and advantages are fully explained below:-

(a) As a leguminous crop, it enriches the soil after its growth and it forms a good rotation with any food grain crop.

(b) It provides food for human beings and feeds to cattle (both cake and bhusa), i.e. the whole plant has got the maximum utility.

(c) Its, cake, specially, provides manure or fertiliser which is, now-a-days, very extensively, used for other food crops (both dry and irrigated).

(d) Being a cash crop, it fetches more money to the cultivator comparatively on a poor type of soils and it provides money to him in time, i.e. as early as in the month of September, when he is, generally, hard-pressed for money as it is a short season Kharif crop.

(e) It, actually, does not affect the area under food crops in medium and deep-black soils, where the Rabi crops like gram or rabi jowar can be grown as 2nd. crop on the same land in the same year.

(f) It also, helps in keeping the labour of the - - cultivator and his family, well distributed throughout the year as it is not a competitive crop with rabi or Kharif food or non-food crop, on account of its earlier nature of growth in the Kharif season.

(g) Groundnut (kernal), in addition, goes as an - - emergency famine food in the days of famine as it has better satiety value through not nutritive value.

1. The Chitnis to the Collector.
2. The Agricultural officer,Bagalkot Dn.Bagalkot.

.....

I. The Telegram dated the 17th March 1947 from Government regarding Growth of Food-Crops Act was considered .

The meeting unanimously agreed on the following two - points:-

(1) The Growth of Food-Crops Act should be continued during the year 1947-48.

(2) The maximum and minimum proportions for different crops as prescribed for the year 1946-47 - should be continued for the year 1947-48 aleo for the whole of the district except that the maximum proportion allowed for Scheduled non-food-crops, in Hungund taluka should be raised from 1/6th to ¼th.

P.T.O.

Mr. G.S.SajjanM M.L.A. and Mr. C.J.Ambli M.L.A. had - sent a written proposal that no restriction what-ever should be imposed on the agriculturists in growing crops.

Mr. Siddappa Malwad suggested that the maximum proportion allowed for Cotton should be 1/3rd instead of the existing ones.

(3) Mr. Sugandhi suggested that the area of tobacco, for the whole province should be restricted to one lac of acres and that fertile lands i.e. lands assessed at more than ~~xi~~ eight annas per acre should not be allowed to go under - tobacco .

(4) He further suggested that growing of Castor and Linseed as whole crops should be prohibitted, except on - water logged area and on areas where the crops are generally washed away.

The meeting was agreeable to this suggestion.

(5) The Board was of opinion that Groundnut should be -- ~~inxxix~~ included under "Scheduled food-crops" for the - following reasons:-

(a) As a leguminous crop, it enriches the soil after its growth and so it forms a good rotation with any food grain crop.

(b) It provides food for human beings and feeds to - Cattle.

(c) Its cake specially provides manure which is now-a-days extensively used for food grains crops.

(d) Being a cash crop, it brings in more money to the - Cultivators, comparatively on a poor type of soils.

(e) It, actually, does not affect the area under food-crops in medium and deep-black soils where the Rabi crops like jowar and gram can be grown as second - crops on the same land.

(f) It helps in keeping the labour of the cultivator - and his family well distributed through out the year.

The Collector quoted the views of the Agricultural

-P.T.O.

Commissioner(Sir William Jenkins) expressed at the meeting of the Provincial Rural Development Board, on 28th August 1946, in this respect which reads as under:-

" As regards concentrated manures, I think that in any system of crops planning in future, it would be very wise to provide for a very considerable increase in the groundnut crop because groundnut cake is valuable as a manure and as Cattle feed and groundnut oil is an essential item of human consumption. Being leguminious it can grow on any soil. It adds to the soil fertility and if used properly would help in combatting soil erosion."

If, however, it was not possible to include groundnut under "Scheduled food-crops" the meeting thought the area under Groundnut should be excluded from the total area of the holding, for the purpose of the Act.

II. Government Circular, Political and Service Department No.626/46 dated 25-2-1947 was read and Taluka Executive Committees were appointed as under, for working out the Iron Supply Scheme:-

Talukas.	Members of the Committees.
1. Bijapur.	1. Mr. G.S.Sajjan,Bijapur. 2. Mr. Dublagundi,Bijapur. 3. Mr. Girimallappa Wali of Sarawad.
2. Indi.	1. The Prant officer,Bijapur Dn. 2. Mr. Dundappagouda Ankaligi, Atharga. 3. Narasappagouda Patil,Bhatguniki.
3. Sindigi.	1. The District Agrl.,Officer, Bijapur. 2. Mr. Shankargouda Patil, Padaganur. 3. Mr. Gumaste,Pleader,Sindigi.
4. Bagewadi.	1. Mr. Tippanna Guddi,Bagewadi. 2. Mr. Ramanna Kallur,Bagewadi. 3. Mr. Lokappa Indi,Bagewadi.

P.T.O.

5. Muddebihal.	1. Mr. Ramsing Hazare, Talikot. 2. Mr. S.M.Viraktamath, -do- 3. Mr. Ranganna Doddihal, Muddebihal.
6. Bagalkot.	1. Mr. Sriniwasrao Mangalwedhe, Bagalkot. 2. Mr. B.T.Murnal, Bagalkot. 3. Mr. Parappa Sajjan, Bevur.
7. Badami.	1. Mr. Siddappa Malwad, Bagalkot 2. Mr. Maharudrappa Pattanshetti., Cholachgud. 3. Mr. Husensaheb Khadi.
8. Hungund.	1. Mr. Danappa Rajmani., Hungund. 2. Mr. Praneshachar, Guddad. Hungund. 3. Mr. Nanjayya Math, Subhatti
9. Biligi Petha.	1. The Prant officer, Bagalkot Dn. 2. Mr. Adiveyaa Takkaliki. 3. Mr. V.S.Patil, Anguadi.

.....

III Mr. Mangalwedhe proposed that the iron and steel required for agricultural purposes and the iron implements required by the agriculturists should not be - supplied to private merchants for sale and that they should be sold through Government Depots only, by the Assistant Agricultural Engineer to Govt., I/C Iron - Supply Scheme, on ration system, after obtaining in advance the full requirements of the villagers in this respect.

The proposal was approved by the Board.

IV. The application from Basweshwar Fair Committee Bagalkot for a grant for the Cattle Show was considered

It was resolved that an amount of Rs.200/- should be granted to the Basweshar Fair Committee, Bagalkot from the provision of Rs.600/- kept under the heading " Demonstrations and Fairs" on condition that the - amount should be utilised for the purpose of awarding prizes to the deserving Cattle at the Show.

V. Mr. Dubey said that some of the members of the Board desired to know how many Schemes prepared had been put by the Board into execution.

p.t-p.

In reply it was stated that the construction of 60 wells had been so far taken up by the Public Works Dept., under the Village Water Supply Schemes.

Collector and Chairman,
D.R.D.B.Bijapur.

R.C.D.

Submitted for information.

These are the proceedings of the meeting of the D.R.D. Board, Bijapur held on 2nd April 1947.

As regards item No.1 the information contained therein has already been received separately and considered.

The recommendations of the Board in respect of points (1) and (2) of item I were separately discussed and have been adopted in the Growth of Foodcrops Act programme for 1947-48. Orders in the matter will issue shortly.

Item (3), the suggestion to restrict tobacco cultivation to one lakh acres in the whole Province is strictly speaking out of the scrope of the Bijapur Board to make. No action seems necessary.

Item (4), the suggestion to prohibit growing of castor and linseed except on water logged areas may not be accepted. These crops do not figure either in the Schedule foodcrops or in the Scheduled foodcrops. When cultivators in the dist. are clamouring for allowing more area for groundnut it is unlikely that any areas will be put under either Castor or linseed unless the cultivators is forced by some circumstances to do so.

Item (5), Suggestion to include "groundnut" in the Schedule of foodcrops. Similar recommendation was also made by some two or three Dist. Rural Dev. Boards. It has been decided not to include groundnut in foodcrops. The Growth of Foodcrops Act programme for 1947-48 has however been so framed that it would be possible for the cultivators to put more areas under groundnut this year.

Item II - Calls for no action.

Item III - An extract may be sent to the P.and S.D.

Items IV and V do not require any action.

(Below extract of item No. III of the proceedings of the meeting of the D.R.D.B., Bijapur held on 2nd April 1947).

Opening of more--

No. R.D.V./170. Poona, 24th April 1947.

Reference Government endorsement No.1055/1846-D dated 3-3-1947 Reconstruction Department.

The subject regarding extension of Dipping tanks, has been dealt with under scheme No.87 of the Post War Reconstruction planning, Bombay Province. Under that scheme, it is proposed to extend the work by the provision of more tanks and spraying plan in the very heavily tick infested areas of konkan districts and the mawal areas of Nasik, Poona, Satara, Belgaum, Dharwar district in the first instance.

2. It is proposed that 3 cattle dipping tanks and 2 spraying plants be provided each year, in the first five year Post War Reconstruction Planning.

3. From the above it follows that it is not possible to open cattle dipping tanks in each of the cattle markets areas in the Bijapur district, in the near future, until cattle dipping tanks are provided in the above mentioned areas.

To

Letter.

The ✱ Joint Secretary,
Provincial Rural Development Board,
Secretariat, Bombay.

No.S/29-1172 of 1947.

Poona 1, 22nd July, 1947.

Please refer to No.1055/1846-D, dated 3rd March 1947, from the Secretary to Government, Reconstruction Department, Bombay.

1. It is not possible to give to each taluka five Demonstration Centres immediately. About 250 Taluka Demonstration Centres have been established in the Province so far; but they are not working satisfactorily yet. Until their work is stabilized, it would not be advisable to start new Centres.

2. A scheme for distributing improved rabi jowar/wheat and seeds is in operation in Bijapur district. If the District Rural Development Board, Bijapur, wish to have any other seed distribution scheme, details may please be supplied, so that further action can be taken.

3. The Field Kamgars in charge of Taluka Demonstration Centres are at present entrusted with the seed distribution work. One motor truck cannot be kept at the disposal of the District Agricultural Officer for seed movement; but a truck can be sent to him temporarily, if he has extensive seed movements which cannot be carried out by using local transport.

4. It is not possible to distribute any more oil cake for manurial purposes for lack of supply.

5. The compost scheme has since been extended.

6. There is very little scope for using ammonium sulphate and bone meal in Bijapur district, as these fertilizers can be used only in irrigated areas. Supply of fertilizers at full cost can be undertaken on demand.

7. Similar Sann-Green manuring is possible only where there is assured irrigation. A comprehensive scheme for green-manuring in the whole Province is being considered.

8. A scheme for combating grass-hopper pest is already in operation in Bijapur district. Sulpher is being distributed for treating jowar seed to guard it against the smut disease.

A scheme for expanding food cultivation in the whole Province is under preparation, when the requirements of Bijapur district will also be considered.

The remaining items in the extract are being forwarded to the other Directorates which are dealing with these subjects.

Provincial Rural Development Board,
Secretariat, Bombay.

No.B/29-1172 of 1947. Poona 1, 22 July, 1947.

Please refer to No.1055/1846-D, dated 3rd March 1947, from the Secretary to Government, Reconstruction Department, Bombay.

1. It is not possible to give to each taluka five Demonstration Centres immediately. About 250 Taluka Demonstration Centres have been established in the Province so far; but they are not working satisfactorily yet. Until their work is stabilized, it would not be advisable to start new Centres.

2. A scheme for distributing improved rabi jowar and wheat seeds is in operation in Bijapur district. If the District Rural Development Board, Bijapur, wish to have any other seed distribution scheme, details may please be supplied, so that further action can be taken.

3. The Field Kamgars in charge of Taluka Demonstration Centres are at present entrusted with the seed distribution work. One motor truck cannot be kept at the disposal of the District Agricultural Officer for seed movement; but a truck can be sent to him temporarily, if he has extensive seed movements which cannot be carried out by using local transport.

4. It is not possible to distribute any more oil cake for manurial purposes for lack of supply.

5. The compost scheme has since been extended.

6. There is very little scope for using ammonium sulphate and bone meal in Bijapur district, as these fertilizers can be used only in irrigated areas. Supply of fertilizers at full cost can be undertaken on demand.

7. Similarly Green-Green manuring is possible only where there is assured irrigation. A comprehensive scheme for green-manuring in the whole Province is being considered.

8. A scheme for combating grass-hopper pest is already in operation in Bijapur district. Sulpher is being distributed for treating jowar seed to guard it against the smut disease.

A scheme for expanding food cultivation in the whole Province is under preparation, when the requirements of Bijapur district will also be considered.

The remaining items in the extract are being forwarded to the other Directorates which are dealing with these subjects.

Collector's House:
Bijapur, 1st October, 1947.

Dear Mr. Mehta,

I find that a proposal was submitted to the Joint Secretary to Government, Reconstruction Dept., by the Collector as Chairman, D.R.D.B., Bijapur, on 17-12-1946, recommending the proposal of the Board for the appointment of the present Rural Development Inspector at Bijapur as Assistant Secretary to the District Rural Development Board. We have not heard from Government so far whether they approve or disapprove of our proposal, though it is more than ten months that the proposal was made.

In the meanwhile, the Rural Development Board members have been complaining regarding the working of the Board as it has been officered in the last eight months, and I was thinking of taking action in anticipation of your approval. But my attention has been drawn to your Circular No.311 dated 19th September 1947 requiring prior sanction of Government

1055
E - 30630
20/10/47

for appointment of B.I.I. as Assistant Secretary. I should be highly obliged if you kindly issue orders permitting me to appoint Mr.G.N.Kulkarni, the present B.I.I. Bijapur, as the Assistant Secretary of the B.I.I.H.

Yours [illegible]

(A.K.Lalkaka)

L.N.Mehta, Esq., C.I.E.
Secretary to Government,
Agricultural Department,
Bombay.

Agriculture and Rural Development
Department.

Camp New Delhi, 16th October, 1947.

Dear Dr.Shaikh,

Please refer to your D.O., dated the 1st October, 1947, regarding the appointment of Mr. G.N.Kulkarni, the present R.D.I., Bijapur, as Assistant Secretary of the D.R.D.Board. I have not the connected papers here and, therefore, do not know what the hitch is, but I shall look into the matter directly on my return to Bombay and let you know what the position is.

Yours sincerely,

(D.N.Mahta)

Dr.A.U.Shaikh,
Collector of Bijapur,
Bijapur.

Resolution No. 2 A.&R.D.D.

2 The Collr. &Chairman, D.R.D.Board,Bijapur, had proposed that the R.D.I.,Bijapur, may be appointed as Asstt.Secy.to the R.D.Board,Bijapur. He also proposed for the appointment of one librarian and two addl.clerks for the time being. The other Collrs. had made different demands in this respect. It was therefore, decided to sanction the staff required by the Boards on an uniform basis and accordingly each R.D.Board has been given an uniform staff consisting of one Asstt.Secy.,two clerks(one Sr. and one Jr.) and two peons vide G.R.No.911, dated the 10th April,1947. In addition to the above staff the Bijapur Board has recently been given two more Jr.clerks to cope with the increase in work in that Board's office (vide G.R.No.911, dated the 14th August,1947).

3. Orders sanctioning the appointment of R.D.I.,Bijapur, to hold the post of Asstt.Secy. of R.D.Board, in that Distt. as proposed by the Collr., were however held over pending the receipt of proposals called for in this respect from other Collrs. Subsequently it was noticed that some of the Collrs. have already made appointments to these posts in anticipation of Govt. sanction and this led the Commr. S.D.to point out the necessity for safegaurding the interest of the Sr.R.D.Is. and A.R.D.Is. till the contemplated abolition of the cadre and to suggest that the Collrs. be asked to put up proposals for the appointment of the Asstt. Secys. to the R.D.Boards through him. This suggestion was accepted by Govt. and necessary instructions have been issued in G.C.No.911, dated the 19th September,1947.

4. The above position may be explained to the Collr. of Bijapur and he may be informed that orders of Govt. sanctioning the appointment of the present R.D.I., Bijapur as Asstt.Secy., Bijapur R.D.Board will be issued as soon as his proposal for ~~such~~ this appointment called for in G.C.No.911, dated the 19th September, 1947 is received through the Commr. S.D.

Letter.

To

The Collr. of Bijapur.

No.1055/30630-E Bombay, 3rd Novr.1947.

In continuation of Mr.Mahta's d.o. letter dated the 16th October,1947, regarding ~~the appointment of~~ Mr.G.N.Kulkarni, ~~the present R.D.I., Bijapur,~~ appointment as Asstt. Secy. to the D.R.D.Board, Bijapur, I am to say that Govt. has sanctioned a uniform staff consisting of one Asstt. Secy., ~~to~~ two Clerks(one Sr. and one Jr.) and two peons to all D.R.D.Boards in the Province. In addition to the above staff, the Bijapur R.D.Board has recently been given two more Jr.clerks to cope with the increase in work in ~~that Board's~~ its office. Orders sanctioning the appointment of R.D.I.,Bijapur, to the post of Asstt. Secy. ~~to~~ the ~~R~~D.Board ~~B~~ in ~~that Distt. have, however been held over pending~~ will be issued on receipt of the proposals called for in this respect from other Collrs. ~~in view of the need for safeguarding the interests of Sr.R.D.Is. and A.R.D.Is. in making appointments to these posts~~. I am to add that orders of Govt. approving the appointment of present R.D.I., Bijapur as Asstt. Secy., Bijapur R.D.Board will be issued, ~~as soon as~~ also your proposals for the appointment called for in G.C. No.911, dated the 19th September, 1947 are received through the Commr.,S.D.

By order etc.,

The sketch plan together with the blue print showing the portions of the Anand Mahal building occupied by the different Officers ~~by them~~ is submitted herewith. The Deputy Director of - Agriculture (Land Improvement), E.K.,Poona has vacated the eastern portions of the Anand Mahal building on the ground floor, first floor and second floor as shown in the blue print which is now occupied by the District Deputy Collector, Bijapur Division, Bijapur for his residence.

Collector, Bijapur.

A.&R.D.D.

Submitted with reference to G.L.No.1055/11788-E, dated the 9th June,1947 and H.M. (Agre.)'s note dated the 25th May,1947.

2. The Collr. of Bijapur reports that the Dy. Dir. of Agre.(L.I.) has ~~reacted~~ Vacated the eastern portions of the Anand Mahal building on the ground floor, first floor and second floor as shown in the blue print which are now occupied by the Distt. Dy.Collr. Bijapur Distt. for his residence. The blue print shows that the whole of the western pprtion of the building on ground floor, first and second floors ~~has~~ is now occupied by the D.D.C. for his residential use ~~which~~ while the main hall on first floor which was formerly used by Mr.Sausman for his show room is now occupied by Bunding Branch Survey Officer, P.W.D. It is not clear why the entire western portion of the building on all the three floors has been allotted to the D.D.C.,Bijapur for his residence. It is also not clear whether the show room has since been removed from the main hall on the first floor as on the map this floor has now been shown as occupied by the Bunding Branch, Survey Officer, P.W.D. The Collr. of Bijapur may be requested u.o. to clarify. He may also be requested to state how it is proposed to utilise the unoccupied 2nd floor and what stpes if any have been taken to accommodate the office of Distt. Agrl. Officer, Bijapur.

Bombay.

Subject:- Anand Mahal Building.
Transfer of -----

Reference:- Your No.U.O.R. dated 3-11-1947.

The Central portion of the Top-floor has been occupied by the District Agricultural Officer, Bijapur for his office and the remaining portion except the eas-tern wing is now used as the offices by the District Land Improvement Offices, Dry Farming N & W. Dns. The whole of the eastern wing of the Anand Mahal is given for the Prant Officer, Bijapur Division for his residence. It is thus seen that the whole of the Anand Mahal building has been fully occupied. In this connection, I am enclosing a copy of the Executive Engineer's letter No.Bj-17/1 of 17-11-1947.

2. The papers received with your U.O.R. mentioned above are submitted herewith.

Collector, Bijapur.

No.Bj-17.

Public Works Department,
Bijapur, 17th Nov. 1947.

43

To

The Superintending Engineer,
Southern Circle, Belgaum.

Subject:- Accommodation for the office of the Dy Educational Inspector, Bijapur.

Reference:- Your No.Bj-17 dated the 8th October 47.

I have to state that in the meeting held in the Collector's Office, Bijapur on the 2nd November 1947 in connection with the distribution of accommodation in Anand Mahal Building, it is decided as under:-

The Central portion of the top floor should be occupied by the District Agricultural Officer, Bijapur for use as his office and the remaining portion except the Eastern wing should be used as office by the District Land Improvement Officers, Dry Farming N.D., and W.D., Bijapur. The Dry Farming section having been transferred over to the Director of Agriculture (Extension) and Rural Development) the whole of the top floor except the eastern wing will have to be in charge of the Director of Agriculture.

Similarly the whole of the first floor except the eastern wing should be in charge of the Revenue Department as required by the Land Improvement Section for use as office for the District Land Improvement Officers, Survey, N.D., and W.D., Bijapur and of the 3 charge officers. The Collector has already allotted eastern wing to the Prant Officer, Bijapur for his residence and office in full consideration of his claims and hence no other office can now be accommodated in any of the portions of the eastern wing.

Thus the whole of the Anand Mahal Building has now been fully occupied and no space is available for any other office.

Sd.M.K.Noble.
Executive Engineer,
Bijapur Division, Bijapur

A.R.D.D.
1055/35201-E.

Submitted with ref. to the office note dated the 30th October, 1947.

2. The Collr.' of Bijapur's present report does not explain fully the various points raised in para. 2 of office note at page 45 ante. However, as the D.A.O. has now been provided with accommodation for his office in the building and as there is no further space which can be allotted to the office of the D.R.D.Board, Bijapur, perhaps the matter may be dropped and the decision taken ~~by the Collr. in consultation with the Executive~~ at the meeting held in the Collr.'s office at Bijapur on 2nd November, 1947, in this respect may be confirmed after nor to R.D. and P.W.D.

E 10589
(11)

Proceedings of the meeting of the Executive Committee of the District Rural Development Board, Bijapur, held on 28-2-1948 at 11 A.M. in the Collector's bungalow.

Members present.

1. Collector and Chairman.
2. Vice-Chairman, Dist. Rural Development Board.
3. Mr. G.S.Sajjan, M.L.A.
   Siddappa Malwad.
   The District Agricultural officer.

The minutes of the last Executive Committee meeting held on 23-1-1948 were confirmed.

II. Grant of subsidy to new and old wells:-

Thirty cases of second and final instalments for Rs.10450/ and seventy two cases of final instalments for Rs.14400/- in respect of new wells were sanctioned.

Regarding repairs to old wells the Committee sanctioned 261 cases of second and final instalments for Rs.26027/- and 153 cases of final instalments for Rs.7650/-.

The District Agricultural Officer, pleased before the Committee five individual cases in which the applicants had applied for subsidy long back and they had almost completed the wells. The Board resolved that the applicants should be asked to make fresh applications.

The Dist. Agricultural Officer, also placed before the Committee a couple of old cases recommending for second and third instalments of subsidy to new wells. But as the payment of the 1st instalment to them was not mentioned in the Registers maintained by the Asstt. Agricultural, it was resolved that the advice from Government was to be sought for in this matter.

III. Mr.Sajjan's report regarding the subsidy to well in S.No.346 of Kakhandki Village:-

It was resolved that this subject should be placed before the next General Body meeting.

IV. Grant to Basaveshwar Fair Committee at Nagewadi:-

An amount of Rs.200/- was sanctioned for awarding prizes to the best bulls and cows.

V. Model Village Scheme:- Mr.Shaha's proposal to sanction Rs.750/- to Nagthan Village for intensive development was not approved by the Committee as Nagthan was not among the villages selected by the Board in its meeting held on 22-9-1947.

Mr.Malwad's proposals regarding intensive development at Kagalwat were placed before the Committee and the following items of development were approved.

1.	Rs.500/-	for purchasing a breeding bull.
2.	Rs.350/-	for repairing village lanes.
3.	Rs.100/-	for purchasing books for the Village Library.
4.	Rs.100/-	for purchase of a Cupboard.
5.	Rs.100/-	for purchasing antimalarial medicines
6.	Rs.100/-	for repairs to Manure pits.
Total:-	Rs.1250/-	

Out of the total of Rs.1250/- the Board should contribute Rs.750/- as already resolved and the balance of Rs.500/- should be met by popular contributions which Mr.Malwad promised to Collect.

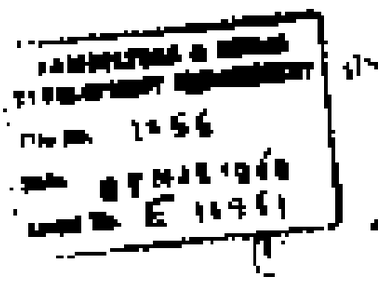
Proceedings of the meeting of the District Rural Development Board Jhajjar, held on [illegible].

Members present.

1. The Collector. — In Chair.
2. Mr. [illegible]. — Vice-Chairman.
3. Mr. [illegible]. — Non-Official Members.
4. The District Agricultural Officer, Bhiwani (Official Member).
5. Mr. [illegible], Jhajjar.
6. Mr. [illegible], M.L.A.
7. Lt.-Col. [illegible].
8. Mr. [illegible], M.L.A.
9. Mr. [illegible].
10. Mr. [illegible].
11. Dr. [illegible].
12. Mr. [illegible], M.L.A.
13. Mr. [illegible].
14. Mr. Kalian, Editor.
15. Mr. [illegible].
16. Mr. Hanuman Gajara.



The District officer for Industrial Cooperatives and Village Industries was also present by invitation.

1. The Collector opened the proceedings with a reference to the sad death of Pandit Nehru, all standing in silence for two minutes, as a mark of respect to his memory.

2. The minutes of the last meeting of the Board, held on 22-10-64 which were sent to all members were confirmed.

3. Recommendations for sanctioning of new wells and improvement of old wells.

The reports recommending subsidy were placed before the Meeting by the District Agriculture Officer, Jhajjar. Amounts were sanctioned as under:-

(a) Fifty cases of revised and final installments in respect of new wells.	Rs. 10,000.
(b) Eighty six cases of final installments in respect of new wells.	Rs. 10,750.
(c) One hundred and forty seven cases of 50% of the final installments in respect of old wells.	Rs. 14,464.
(d) Eighty seven cases of final installments in respect of old wells.	Rs. 4,300
	Rs. 40,514

4. Circulation of letter No.A.1848/3-H-1964 from the Chief Agriculture Officer, Haryana, Chandigarh regarding subsidy for [illegible].

The letter from the District Agricultural officer suggesting eleven centres for construction of such pits, as per resolution of the Board adopted on 22-8-1964, the letter from S. P. E. Simla vide, suggesting seven centres for the purpose and the Government letter April, and H.T.P. No.807/30337-H dated 15th November 1967, refusing to increase the rate of subsidy were considered.

It was resolved that the subsidy of Rs.800/- allocated in this district for construction of cement pits, should be surrendered to Government since it was not possible to construct such pits at the rates sanctioned by Government.

5. Letter No.G.A.-1241/5-2-1948 from the District Agricultural officer, Bijapur, regarding supervisory control over the tractor units and the well supervisor, working in this district was -- considered.

It was resolved to request Government to place the staff of the tractor units working in Bijapur district and the well Supervisor, Bijapur, under the supervisory control of the Dist. Agricultural Officer, Bijapur, with the object of efficiently working the tractor ploughing and the well subsidy schemes.

It was further decided to request Government to place six more tractor units, four for deep ploughing and two for shallow ploughing, and two for shallow ploughing, in this district in view of the huge amount of work to be turned out and the high demand for tractor ploughing, in the district.

6. Letter No.G.A.1240/5-2-1948 from the District Agricultural officer Bijapur, submitting his proposals regarding the well subsidy scheme.

The proposals of the District Agril. Officer were considered and the following conclusions were arrived at:-

Proposal-(1):- " In cases where the cultivators have sunk wells in accordance with the estimates prepared by the well Inspectors and incurred expenditure, but failed to tap water, such cases - should be allowed subsidy as in the case of successful wells."

The proposal was approved.

Proposal-(2):-" If a cultivator who has been given a subsidy for construction of a well in a particular survey number fails to do so and constructs a well in his another survey number of the sam village or the neighbouring village he should be - eligible for such subsidy by formal approval of the Board, on receipt of an application fromhim, for such approval".

The proposal was postponed.

Proposal-(3):-"There are certain cases which have been given first instalment of subsidy and the applicants have not been able to start their work. In such cases extensions may be -- granted till may 1948, on condition that they should not get further extensions.

The proposal was approved.

Proposal-(4):-"There are certain cases which are new constructions as a matter of fact, but are treated as old ones simply -- because when the well Inspector inspected the well for the first time, it was under construction or half done. Such cases should be treated as new cases and given the due subsidy".

Proposal-(5):- "The Agricultural officers now working under the District Agricultural officer, Bijapur, may be authorised to inspect finally the cases of construction of new wells, on behalf of the Board, mhers, with a new to finish up - 1300 cases by the end of March 1948. It was decided that the officers should not be authorised to inspect on behalf of the Board members but that the Board should accept the inspection reports of the Gazetted officers of the Agricultural Department and of the non-gazetted members, only when they are countersigned by the District Agricultural officer.

Additional proposals:-

(1) " There are certain instances of well construction and improvement in which case no first instalment of subsidy is paid or partly paid though such expenditure is shown in the Registeer of payment . This has happened when the scheme was under -- the Agricultural Engineer to Government, who is not at all replying to the references made in such cases. These cases, should be paid fully now, and if found later on that double payment is - made, the excess amount may be recovered.".

The Board declined to accept the responsibility of granting the first instalmant.

2. "There are certain instances in which first instalment of subsidy in both cases of construction and improvement of wells is not sanctioned by by the Agricultural Engineer, in the past, though applications were submitted one or two years back and the work of well sinking or improvement has been done in anticipation of sanction, together with other persons who had applied simultaniously fromthe same village and whose applications have been sanctioned and first instalment of subsidy has been paid. In such cases all instalments should be paid, in lump summ if the work is now completed".

It was agreed that if the applications are in the office of the District Rural Levelopmnt Board, they may be sanctioned.

3. " There are certain cases where the wells are sunk as new constructions on the same sites where old wells existed but completely silted up, before starting sinking of the new wells, In such cases wells should be treated as new constructions and one-third cost should be paid as subsidy, under the old scheme.".

It was decided that such cases should be considered individually by the Board.

7. Consideration of letter No.1274 dated 5-2-1948 fromthe District Agricultural Officer,Bijapur, regarding supply of (i) Iron ploughs (ii) Boring Machines and (iii) Oil Engines:-

(i) Since there is a great demand for iron ploughs and its parts and since they are not easily available in the market it was resolved to request the companies manufacturing Thakur and Kirloskar ploughs to supply the District Rural Development Board or the Wilson Anti Famine Institute Bijapur, with Thakur No.22 and Kirloskar Nos. 9,100 and 11, one hundred each, for being sold to the Cultivators, at the Companies rates".

(ii) Since there is a keen demand for boring machines for deepening the irrigation wells in this district, it was decided to request the Agricultural Engineer to Government to make available to the applicants, on the recommendation of this Board, power driven boring machines both of drilling and chisal type.

On being pointed out that a boring machine of chisal type was lying for a long time with Mr. Kabbur at Bijapur when others were badly in need of it, it was decided that the fact should be brought to the notice of the Agricultural Engineer to Government.

(iii) The proposal regarding the supply of oil engines was dropped.

8. Copy of the letter No.1275 dated 5-2-1948 from the Dist. Agricultural Officer,Bijapur,regarding Introduction of mixed farming in the district.

It was agreed that the proposals of the District Agricultural officer,Bijapur should be recommended to the Director of Agriculture.

9. Mr.Ambli's suggestions regarding revision of the well subsidy Scheme.

The Collector explained in detail the provisions of revised well subsidy scheme and the differences between old and the revised scheme.

Mr. Ambli, explained the draw backs in the new scheme which, he stated did not benefit the poor cultivators small holdings.

After a discussion at length the following resolution was adopted unanimously:-

The District Rural Development Board, Bijapur, requests - Government to allow the small holder to take the instal mnts subsidy, for digging well, in cash instead of having it deducted from the tagai loan.

10. Letter No.41 dated 5-12-1947 from the Director of Agriculture Engineering regarding fixing up of priority of m-inor - - irrigation works.

It was decided to consider the subject at the irrigation sub-Committee of the Board.

11. Mr.Sidhanti's proposals regarding tree-plantation.

The following resolutions were adopted:-

(i) The District Rural Development Board,Bijapur,requests the District Local Board,Bijapur, as a special measure to increase themm number of trees through the agency of Panchayat Committee

12. Letter No.95 from the Home Minister of Jamakhandi State regarding construction of a Bridge over the Krishna River at Jamakhandi.

It was resolved that irrespective of the fact whether - Jamakhandi merges with Bijapur district or not; the proposal of the state regarding construction of the bridge be recommend-dd to Government and that Government be requested to give high prior priority to the work.

13. Letter dated 13-2-1948 fromMr. Sajjan regarding subsidy to well in S.No.346 of Kalhandki village:-

The subject was post-poned to the next meeting.

14. Working of the Iron Supply Scheme:-

The members pointed out that the Wilson Anti-Famine Institute having locked up its capital in stocking manure etc. large --- arrears were due on iron and steel account and as a result the Assistant Agricultural Engineer had stopped the supply of iron to this district.

It was resolved that the Collector and chairman be authorised to discuss the subject with the Hon.Secretary of the Wilson Anti-Famine Institute and to take steps for making arrangements for speedy supply of iron even by changing the agency and - - entrusting the sameto the district central Cooperative Bank, - Bijapur, in case the Wilson Anti-Famine Institute was found -- unable to manage the work properly.

Date of Receipt
File No. 1055
Serial No. 3598

Sir,

Please furnish me with the necessary information, or direct me to the exact references wherein I can get the same, on the following matter, viz.

Controlled price in June 1948 of one Bradford 5½/4 B.H.P Oil Engine, horizontal, single cylinder, running at 600 R.P.M.

The said information is required by me in order to assis the cause of justice in a Court of law.

Yours faithfully,
S A Merchant
Advocate.

C.S.D./X

The writer wants to know the controlled price in June 1948, of one Bradford Oil Engine, the particulars of which are given in his letter at p. 1 ante

It is informally understood from the A.&F.S. that at present there is no control on price of oil engine; and the orders control the price of these engines to have been issued by the A.&F.S. through the C.S.D. This may be transferred to that Deptt. after U.O.R.

28/5

U.O.R. to the A.&F.S. dtt. 23.5.52

A & P D

(C S D No 1055/F)

Under G.O. No. 2088/III.F, Dy Sec 16th Feb. 1948 [Oil Engines (control of Prices) Order 1948], Govt had controlled the price of oil engines having a H.P. of 5 and over but not exceeding 60. The Bradford oil engine in question has 3½/4 B.H.P. and as such this engine is not governed by this order. The C.S.D. may be requested to inform their Merchant accordingly.

Draft 10/6/52

We may give the necessary reply to their Merchant. (C.S.D. may later be asked to transfer the bf. officially to this Deptt.). A/S

Sir, O/C 12/5 U.S (Mr J).

Resubmitted.

2. The accompanying letter may issue. After issue, the papers may be returned to the C.S.D. with a request to transfer them officially

Subject :- Bradford Oil Engine.
Controlled price of - in force, 1948.

Sir,

With ref. to your letter, dated the 9th May, 1952, addressed to the C.S.D. on the subject mentioned above, I am directed to say that under the Oil Engines (Control of Prices) Order, 1948, published in the B.G.G. Extra ordinary dt the 16th Feb, 1948, Part I, the Govt of Bombay had controlled the prices of oil engines having a H.P. of 5 & over but not exceeding 60. Since the Bradford oil engine referred to in your letter under reference has 3½/4 B.H.P, its selling price is not governed
